Mini Project: College Symposium Website (HTML + CSS Only)

Scenario

Your college is organizing a national-level technical symposium called "**TechNova 2026**". The organizing committee wants a website to provide information about the event, showcase competitions, display schedules, and allow students to register online.

Design and develop a **website using only HTML and CSS**.

Website Structure

Page 1: Home (index.html)

Purpose

Welcome visitors and provide an overview of the symposium.

Content

- College logo
- Symposium banner image
- Symposium name: **TechNova 2026**
- Theme of the event
- Date and venue
- Brief introduction
- Navigation menu to all pages
- Highlights section
 - 500+ Participants
 - 15 Events
 - Cash Prizes
 - Industry Experts

Learning Outcomes

- Developed a responsive multi-page website using HTML and CSS.
- Applied CSS concepts such as Flexbox, Grid, Box Model, and Media Queries.
- Designed and styled navigation menus, tables, forms, images, and page layouts.
- Gained practical experience in creating user-friendly and visually appealing web pages using external CSS.
